

2010 NORTHEAST RAW MILK SYMPOSIUM

FRIDAY, AUGUST 13 • 9 A.M. - NOON
UMASS CAMPUS • AMHERST
STUDENT UNION, CAPE COD LOUNGE

NOFA MEMBERS \$20, NON-MEMBERS \$25

Demand for farm-fresh, unpasteurized milk has grown dramatically, as has the level of crackdowns on farmers' rights to sell it and consumers' rights to purchase it. Yet the virtues of raw milk continue to be extolled by those who drink it, evidence of its health benefits is mounting, and the public outcry to demand that our food freedom be protected is growing by the day. The NOFA Summer Pre-Conference 2010 Northeast Raw Milk Symposium will be an opportunity for raw milk farmers, consumers and advocates to come together to learn and discuss the issues around access to raw milk, and to strategize about how to work together to defend and expand our rights.

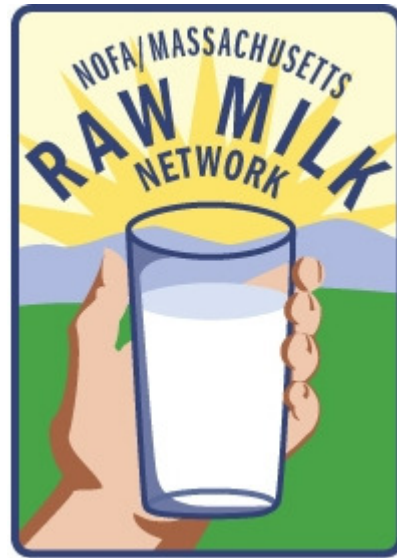

FEATURED SPEAKERS:

- Sally Fallon Morell, President of The Weston A. Price Foundation and founder of A Campaign for Real Milk
- Pete Kennedy, President of the Farm-to-Consumer Legal Defense Fund
- And a panel of local farmers and advocates
