We need people to show up at this Joint Public Hearing in support of the Raw Milk Bill.

If we have any chance at all of getting this bill to pass, we must convince these two committees that YOU, the consumer, want it. Numbers speak – we need hundreds, if not thousands of people to be present at this combined hearing!

Gather your friends, family, neighbors, etc., to attend this history-making event.

If you would like to speak at the hearing, please enter that on your registration card when you enter. You may be limited to 2-3 minutes. It would be a good idea to have copies of your speech to the committee members.
