Pagosa Springs, CO 81147

RE: Aspen Springs Metro District Policy regarding private grazing on green belt
TO WHOM IT MAY CONCERN:

The policy of the Aspen Springs Metro District has always been to allow public grazing on our greenbelt property, provided that no grazer may fence any of the property or damage the property in any way. This policy was reaffirmed at the last board meeting held Tuesday, September 13, 2005.

This policy shall remain in effect until such time as the property becomes a park or other use. At that time, appropriate notices will be posted. If any further information is needed, please contact me at 970-731-3061.

Sincerely,

Patrick D. Ullrich,
Chairman ASMD
